MAGICAL CONVERSATION NO.3

Magical Conversation No3. is typically used to open up your first coaching session (online or in person) .

Magical Conversation No3 is important as it leads you nicely into THE DISCOVERY PROCESS, which is the fact finding part of your first coaching session.

Note: This conversation happens when you are in a coaching session and you have a client in front of you, this means that you can have the conversation printed out and refer to it.

It will become natural to do this.

FUTURE USE

However as you will discover later has other creative and magical purposes.

As we said Key Coaching is a magical conversation. Part of your job is simply to uplift someone to a new level of energy and vibration that is just the start. Megan and I have physically seen peoples energy rise and colour change with a magical conversation.

Thank you so much for creating a space to be here today/ this evening especially because.... [say something relevant that you already know about them]

Examples

I know that you are so busy at work
You are really struggling at the moment
You don't know much about The Key

I am so grateful and happy that you are CURIOUS about The Key. How are feeling?

(Negative response)

That's okay a lot of people are feeling that way right now or it's understandable.

I am certain our conversation / our chat will make a real difference to how you are feeling.

(Positive response)

Brilliant. I am glad to hear that. Well you are going to love this then and I am sure your energy is going to move off the charts after this session.

What you will DISCOVER through KEY COACHING is that your thoughts and feelings are incredibly important in relation to The Key and what you are CREATING in your life.

You are probably wondering what you are going to be hear and experience today. I don't want you to just hear The Key or see The Key. MY INTENTION for you is quite simple.

I want you to truly EXPERIENCE THE KEY.

I want you to truly FEEL The Key on every level and in every cell of your body.

That's my INTENTION for you.

How does that sound?

During this session I am going to give you a little glimpse of what you are going to experience through Key Coaching together.

So a massive well-done for being curious about The Key. Curiosity is actually one of my favourite Key Philosophies. When you are curious and become aware or conscious of The Key and begin to work deliberately with it.

You open yourself up to all sorts of amazing possibilities in fact “probabilities” and you will understand exactly why this is, once I explain all of the science that underpins The Key.

When you are curious, magical opportunities & amazing things begin to happen.

Incredible synchronistic events take place and magical people come into your life.

You are all part of that magic for me and I hope that I will be for you.

Okay now I am going to lead you through our DISCOVERY PROCESS as I would love to find out a little more about YOU and how The Key can help UNLOCK YOUR unlimited potential.

NOTE FOR COACH
